

5/21 Patch Updates

Isabel Toghramadjian

Summary

[Spreadsheet here](#)

- 64,784 patches in Drive
- 73,191 patches expected according to CSVs in OneDrive
- 29 slices with more patches than expected
 - 20 slices with no uploaded metrics CSV
 - 9 with more patches than expected -> check for duplicates or up-to-date csv if repatched
- 94 slices with fewer patches than expected
 - 72 with 0 patches uploaded to drive
 - 22 with fewer patches than expected -> check for upload issues or up-to-date csv if repatched

This only accounts for slices which have either a CSV or patches, does not include slices with nothing uploaded

Next steps

- For patchers:
 - General naming inconsistencies with unmatched1 vs unmatched_1
 - Does this matter?
 - Check the spreadsheet for your cases and upload missing patches or new CSVs
- Integrate patch count comparisons into previous progress sheet and ensure it's up to date
